Binghatti Developers is a real estate development company which is active throughout the UAE with an investment value in excess of AED 20 Billion across a portfolio of more than 40 projects and currently operates in several areas throughout Dubai including Business Bay, Dubai Silicon Oasis, Al Jaddaf, Dubai Marina, Jumeirah Village Circle, Liwan, and Dubai Land Residence Complex, in addition to a mega commercial project in Abu Dhabi covering an area of 1 million square feet and a value exceeding AED 500 Million. The company possesses bold plans for expansion in the coming years, specifically focusing on the growth of its real-estate portfolio in Dubai.

As an award-winning developer with a proven track record, Binghatti Developers has established itself as a pioneer in both real estate development and architecture. Binghatti Developers' has acclaimed a respected status within the Real Estate Sector and is amongst Forbes Top 100 Real Estate companies in the Middle East. With an accolade of awards under its belt, Gulf Real Estate – Best Real Estate Off Plan Project, MENA Green Building Awards 2018 & 2017, Cityscape Awards 2018, Arabian Property Awards 2018 & 2017, and Government of Dubai- Best Real Estate Tycoon Awards, these are just a few of the accomplishments Binghatti Developers have received over the few years.

Binghatti Gardenia

Binghatti Gardenia

Binghatti Gardenia project features symbolic design cues, where individual balconies are interwoven together to form a unified community. This interesting pattern creates an illusion which makes the building's static environment appear as a dynamic design. The building's unique balcony design provides outdoors spaces for residents to enjoy, while also ensuring a sustainable design by providing shade which greatly reduces the amount of energy required to cool the living spaces of the building.

The building showcases Binghatti Developers' signature contemporary design style while also keeping traditional elements found in Middle Eastern art and architecture in consideration. The unique balcony design of the building offers residents an outdoor space to enjoy without compromising privacy. The building's prime location ensures a great investment for its future owners.

Disclaimer: 1. All room dimensions are measured to structural elements and exclude wall finishes and construction tolerances. 2. All dimensions have been provided by our consultant architects. 3. All materials, dimensions and drawings are approximate. Information is subject to change without notice. 4. Actual suite area may vary from the stated area. Drawings not to scale. The developer reserves the right to make revisions. 5. Calculation of suite area is measured as the area bounded by the centre line of demising or partition walls separating one unit from another unit, the exterior face of all exterior walls, and the exterior face of the corridor wall enclosing the adjoining unit. 6. Calculation of balcony area is measured as the area bounded by the centre line of demising or partition walls separating one unit from another unit, the outmost face of the enclosing guard and the external face of the adjoining balcony. 7. The units are measured at typical floor in the building. Columns may vary in size depending on the floor level. 8. For each unit type, unit sizes and details might be slightly different. Please refer to the sales and purchase agreement for the actual size of each specific unit.

Spacious & Splendid

The two bedroom apartments in Binghatti Gardenia are an abode of repose. The plush interiors offer a perfect balance of pragmatic design and modern form. Replete with modern fixtures and furnishings, these apartments are an ideal choice for families.

Impeccable Detail

The lavish materials and uncompromised finishing throughout the building depict supreme quality and craftsmanship from only the most distinguished of international suppliers. All the fittings and fixtures within the apartments are hand-picked to perfectly compliment the interior design. The sliding glass doors and windows create a perfect balance between interior and exterior spaces while maintaining the highest level of environmental control and functionality.
